This is freaking hilarious, especially the part about Carah Brown. I was wondering how he was doing after that Con of the Gates disaster, and apparently the answer is: great?

And who exactly is Rem or Rin (I couldn't quite make it out)???

I could literally stare at that man's profile for hours. He talks a lot, but honestly, I muted him after that Malibu sasquatch nonsense and just enjoyed the view. ::winks::

For real travel tips, look elsewhere. Very disappointing.

That said, I have very much enjoyed Mr. Woodroe's pegging-related fanfiction.

So glad Carah Brown linked to this. Thank you for the laugh when I really, really needed one. Uh, if you need someone else to accompany you on your next road trip, I VOLUNTEER AS TRIBUTE. You're welcome. And hot. Very, very hot. Whew.
